

## One Gear: Converting and Maintaining Single Speed and Fixed Gear Bicycles (Hardback)

Filesize: 3.95 MB

### ***Reviews***

*This written pdf is great. It is really simplistic but surprises within the 50 percent of the pdf. I realized this pdf from my dad and i advised this pdf to understand.*

Gingko Press, Inc, United States, 2012. Hardback. Book Condition: New. 244 x 185 mm. Language: English . Brand New Book. A simple, appealing aesthetic and ease of maintenance has made fixed gear bicycles (fixies) and single-speeds a favorite of urban cyclists in a growing movement spanning from San Francisco to Melbourne and Tokyo to Berlin. The appeal of single-gear bikes is undeniable; creating your own bike by recycling a grimy old road bike stripping unneeded parts, adapting new components, and perhaps even repainting is a rewarding experience. Getting greasy while customizing and building one's own ride is an essential part of the process. One Gear is a unique, much needed contribution to the culture that explains in simple, easy to understand language the steps required for a beginning or intermediate bike mechanic to learn how to rebuild and convert a geared bicycle into a slick, personalized fixie or single-speed.
