Brand New Book ***** Print on Demand *****.This novel was written following the diagnosis and treatment of the author s battle with Multiple Myeloma. Under the effect of steroids, narcotics, chemo drugs, and a stem cell transplant, it subjectively follows the fantasies, delusions, hallucinations, paranoia, and rehabilitation trail through year one of the incurable disease. Follow a political philanthropist, a mad chemist, a taoist enforcer, two highly trained rebel agents, a voodoo master, and a liquified assassin as they simultaneously fight against, and try to avoid, a Malthusian directive set in place to control the worlds population.
