Brand New Book ***** Print on Demand *****.Excerpt from Clay Work: A Handbook for Teachers In many of our most progressive schools clay-work is receiving marked attention as a means of hand training and art expression. But the progress of such work has been somewhat retarded owing to a lack of available information on the subject. The object of this book is: first, to help teachers in acquiring the technique of clay-working; second, to offer several types of clay-work from which selection may be made. Detailed description of the processes of working, with numerous illustrative photographs are given; also photographs of finished models which, with a few exceptions, have been modeled by pupils from ten to twelve years of age in the public schools. The author is indebted to Charles A. Bennett, professor of manual arts, Bradley Polytechnic Institute, Peoria, Ill., for many valuable suggestions; also to Fred D. Crawshaw, principal of the Franklin School, Peoria, for encouragement in developing many of the types of clay-work illustrated.
