Brand New Book ***** Print on Demand *****.Music, like romance, is the language of the soul. Music allows us to express ourselves, and in so doing makes us feel alive. Jazz music, the only art form created by Americans, reminds us that the genius of America is improvisation; a good beat, a contagious rhythm, an emotional ballad, creative improvisation, jazz has it all. Jazz is the story of extraordinary human beings, black and white, male and female, children of privilege and children of despair, who were able to do what most of us only dream of doing: create art on the spot. Their stories are told in Blue Notes. Blue Notes contains profiles of 365 jazz personalities, one for each day of the year. Each vignette tells a story, some heartwarming, others tragic, but all memorable. The daily entries also provide valuable information on jazz styles, jazz history, instruments and instrumentalists, and such related topics as jazz and religion, women in jazz, drug and alcohol abuse, and racism. These topics can be referenced through an extensive set of indexes. The book's appendix includes helpful background information, a concise overview of jazz music, and even a quiz on jazz biography. While Blue Notes is written for jazz fans in general, experts will value its comprehensive nature. So whether you are curious about jazz or simply love and appreciate music, Blue Notes will provide daily moments of discovery and help you recognize what the rest of the world already has, a music so compelling that it can be said to define the human being in the twentieth century.
