ECONOMICS FOR BUSINESS AND MANAGEMENT (PAPERBACK)

Pearson Education Limited, United Kingdom, 2011. Paperback. Book Condition: New. 3rd Revised edition. 262 x 194 mm. Language: English . Brand New Book. Economics for Business and Management offers an exciting introduction to the principles and applications of microeconomics and macroeconomics to the global business problems faced by today's decision makers: * What are the characteristics for successful entry into new international markets? * How can sustainability affect decision making within businesses? * Why are today's global investors so concerned about national debt issues? * In what ways does an awareness of cultural differences improve decision making by international marketing and human resource strategists? * What strategies can companies such as BP use to repair damaged global reputations? It is an ideal text for introductory courses in economics with a business and management focus and more general business environment courses with an economic underpinning.
